## October issue 2013:

## Art-world heavyweights take the helm as Guest Editors

Two, or rather three, contemporary art stars join the ranks of Wallpaper\* Guest Editors in our October issue. Scandinavian duo Elmgreen & Dragset tackle art's relationship to architecture and take us on a two-part mystery tour of multi-story spaces, while American artist and photographer Laurie Simmons mixes and matches her own work with that of friends, collaborators and contemporaries to create compelling visual rhythms.

We also reveal exclusive images of Catherine the Great's outrageous adults-only furniture, take a look inside Mathias Kiss' remarkable 1,000-mirror room and examine why the world is Peter Saville-shaped. October also hosts the very first edition of Smallpaper\*, a kid's special featuring an opulent spread of teatime treats, spectacular silver christening gifts and the very best in design for little people.

Tony Chambers, Editor-in-Chief of Wallpaper\*, says: 'October is a huge issue and we'd like to thank Laurie Simmons and Elmgreen & Dragset, brilliant additions to our Guest Editors' alumni.'

October Wallpaper\* is the seventh Guest Editors' issue. Those who have taken the reins in the past include Jeff Koons, Hedi Slimane, Dieter Rams, Zaha Hadid, Louise Bourgeois, Rei Kawakubo, Karl Lagerfeld, Philippe Starck, David Lynch, Robert Wilson, Kraftwerk, Christian Marclay, Ole Scheeren, Lang Lang and Taryn Simon.
